OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

The promise of continued nuclear power generation was predicated on a final solution to the disposal of the waste generated. Without a defined program, that commitment is no longer valid and the so called Blue Ribbon Panel is a plan for a plan. This does not seem to be keeping with the commitment to have a defined plan for the disposal of nuclear waste. Long term storage at the sites is not acceptable. I support the above referenced rule making.
