QUESTIONS for Integrated Security Coordination and Policy Branch (NSIR/DSP/ISCPB)

13.06.06-\*\*\*

10 CFR 73.54(d) (2) requires the licensee to evaluate and manage cyber risks. The STPNOC Cyber Security Plan (CSP) describes in section 4.1.3, "Vulnerability Assessments and Scans" that STPNOC will perform a "risk assessment." However, the STPNOC CSP does not describe what this risk assessment is, how it is performed, or how the results are used. Please explain this process. How is the risk assessment performed and how are the results used?
