Dear Dr. Lehman:

This refers to your license amendment request. Enclosed with this letter is the amended license authorizing the move of the nuclear medicine room within your facility. Prior to release of your current room for unrestricted use, you must perform surveys demonstrating that the levels of residual activity in the facility are acceptable. This survey may be reviewed during a later inspection.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).
