Hi Jon,

I received an auto out-of-office reply when I originally sent the email below. I'm just checking back to ensure you received it.

Jon,

Thank you so much for taking the time to meet with us last week. I found our discussions to be very useful. To ensure that our SEIS addresses your concerns, you agreed to review the application and provide some comments for us to consider. I'm providing a link to our public webpage for the Antelope and JAB Project where you can access the Environmental Report.

The report is four volumes of information. If you'd like me to send you pdf files of specific portions please take a look at the table of contents and let me know what you'd like to see and I will forward those portions to you. Also, please let me know if you have an idea of when I can expect to receive your comments.

I really appreciate your help.

Thanks,
