Does the 17th at 3:00 work for you?  
Are there other topics that EPA would like to discuss?

|Potential call on NRC's ISR GEIS

|

>-----|

Jim and Marthea: Hi! hope you are doing well!

NRC would like to set up a call with you and appropriate members of your staff to discuss two issues:

- (1) EPA's comments on the NRC's GEIS and future coordination with EPA HQ on NRC's SEISs for ISR facilities, based on your letter to NRC in July 2009
- (2) EPA Region 8's request to coordinate with NRC regarding groundwater impacts analysis for new ISR facilities in WY and SD.

We were looking to set this up next week. Will 3:00 on the 16th or 17th work for you? If it does not, can you provide an alternate date/time?
