Mitch,

I left a voicemail with Rick Deery about next Thursday. Here is what is to take place:

On Thursday, May 14, 2009, at 2:00 pm EDT,

Patrice M. Bubar, PE, Deputy Director
Environmental Protection and Performance
Assessment Directorate
Division of Waste Management
and Environmental Protection - FSME
U.S. Nuclear Regulatory Commission

will be announcing to BLM offices (WY, MT, NM & HQ) a change in strategy for the way the NRC will be conducting the NEPA process for uranium recovery and milling facilities. A bridge line will be set up for this teleconference (it should not take long - 10-15 min.).

Thank you.

Alan B. Bjornsen

Environmental Project Manager
FSME/DWMEP/EPPAD/ERB
U.S. Nuclear Regulatory Commission
11545 Rockville Pike

Subject: Fw: Chart with BLM/MOU areas of review
Attachments: Powertech_NEPA_BLM_Process 04-22-09.doc

Ed and Pete, I am forwarding to you a table that might be useful to have for discussion at tomorrows morning meeting. It shows the areas that are analyzed by BLM and NRC as we develop NEPA documents. I am sending it to you as you may want to have it on the screen. Thanks for a good meeting today.

Subject: Chart with BLM/MOU areas of review
patty: regarding your request for the chart delineating BLM/NRC areas of reviews, Haimanot sent me this chart which is likely the one you have with all the colors. The one I sent you was developed before we met with BLM/EPA on Dewey. After the call BLM filled in the chart with specific areas that they look at for their NEPA reviews. The attached chart was the result

Hope this helps your discussions with BLM
