RE: Transfer of Licensed Material and License

Dear Mr. Balsavage:

As you know, I am Corporate Counsel for the firm. You and CMX Inc. entered into a certain agreement for the purchase of assets. Among the assets purchased are Nuclear Density Gauges. This correspondence serves to confirm CMX's agreement to transfer all licensed materials (i.e. Nuclear Density Gauges) to you including the NRC material license (license No. 37-30704-01).

I trust this is the information you require. If you require any supplemental representation, please do not hesitate to contact me.

Sincerely,

Renard Barnes
Corporate Counsel
