ADJUDICATIONS STAFF

To who it may concern,

In an attempt to keep my response short, I would like to respond to this petition by saying that the requested action of "phasing out" nuclear power lacks foresight and does not provide any strategic plan to enable the success of the target goal (ensuring a commitment for permanent storage of Nuclear Fuel). This request comes off as an angry response to the cutting of funding to the Yucca project, and not directly related to the core performance of the Nuclear Industry. This request is absurd for many reasons, and I am surprised to see such a notice published by the NRC.
