Dear Mr. Chorzal:

This refers to your amendment request dated January 8, 2010, to add Veena D. Divecha, M.D. as an authorized user for 10 CFR 35.400 byproduct materials.

Your submitted information is insufficient to grant your amendment request because the preceptor used for the NRC Form 313A (AUS) was limited to iodine-125 for 10 CFR 35.400. If in the future you wish to pursue this authorization for Veena D. Divecha, M.D., please provide completed NRC Form 313A (AUS). Please review 10 CFR 35.490 for training and experience requirements.

For the reasons stated above, we have voided your amendment request dated January 8, 2010. This action is without prejudice to resubmission.

If you have any questions or require clarification on any of the information stated above, please contact us at (630) 829-9892.

Sincerely,

A handwritten signature in cursive script that reads "Jose Macatangay".
