Dear Mr. Hall:

As managing general partner and owner of Fernandez Co. Ltd. I am replying to your letter of February 8, 1991 as to the selling of the land that the Johnny M Mine owned by the Hecla Mining Company is situated.

Our partners have stated that we do not wish to have this land sold. However, we do want this land --all of it that had been used in the mining processes left in the original state.

That is reclaimed and left totally safe not only environmentally safe but the physical property safe due to any mining or ex-ploration procedures that left holes, caves or piled up mounds of dirt.

Please also return roads to their original state.

Sincerely yours,

Lona M. Lee
