Dear Mr. Flageolle:

This refers to your letter dated February 22, 2010, requesting to add your 2335 E. Crawford Street, Salina, Kansas office as a new storage location for your NRC Material License No. 24-18683-01. This also refers to the telephone discussion between you and me on April 5, 2010, concerning your request.

As noted in our telephone discussion, the State of Kansas is an Agreement State, pursuant to section 274 b of the Atomic Energy Act of 1954. Therefore, this location is not under NRC jurisdiction and we are unable to approve your amendment request. For this reason, we have voided your amendment request letter dated February 22, 2010.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions or require clarification on any of the information stated above, please contact me at (630) 829-9892 or at (630) 829-9500, ext. 9892.

Sincerely,
