MEMORANDUM TO: William F. Burton, Chief
Rulemaking and Guidance Development Branch
Division of New Reactor Licensing
Office of New Reactors

FROM: Ram Subbaratnam, Project Manager */RA/*
Rulemaking and Guidance Development Branch
Division of New Reactor Licensing
Office of New Reactors

SUBJECT: ADMINISTRATIVE UPDATE OF STANDARD REVIEW PLAN
SECTIONS THAT IDENTIFY QUALITY ASSURANCE REQUIREMENT
IN AREAS OF INTERFACES IN STANDARD REVIEW PLAN
NUREG-0800

The purpose of this memorandum is to transmit the proposed revisions to a number of NUREG-0800, Standard Review Plan (SRP), Sections (enclosures). These SRP sections are administratively updated by the Office of New Reactors (NRO), per request from Mr. Juan Peralta, Branch Chief, Quality and Vendor Branch 1, Division of Construction, Inspection, and Operational Programs, memorandum dated February 17, 2010, Agencywide Documents Access and Management System (ADAMS) Accession No. ML100190148.

These administrative changes were initiated as a result of the Office of the Inspector General (OIG) finding, in OIG Audit report OIG-10-A-02 (ADAMS Accession No. ML093440026), proposed a plan to initiate changes to the identified sections and chapters of NUREG-0800 that refer to quality assurance (QA) coordination. These changes move QA discussions from individual SRP sections to a central location in SRP Section 17, "Quality Assurance" and ensure that there are no QA portions of the technical chapters of the SRP outside of Chapter 17.

Enclosures:

SRP Sections 2.5.4, 2.5.5, 3.8.1, 3.8.2, 3.8.3, 3.8.4, 3.8.5, 5.4.1.1, 5.4.7, 5.4.11, 6.5.1, 7.0, 8.2, 8.3.1, 8.3.2, 8.4, 11.2, 11.5, and 12.5
