RE: License Number: 06-30793-01  
 Amendment Application

Dear License Reviewer:

Please amend our byproduct material license to reflect the following changes:

1. Please amend our byproduct material license to add Paige Brennan, M.D. as an authorized user for all procedures and materials listed on our current license. Documentation attesting to his academic and clinical training are attached for review.

If you have any additional questions, please contact me at (860) 886-2679 or Michael Lairmore, Nuclear Physicist at (201) 693-2277.

We thank you in advance for your assistance with this licensing action.

Frederic L. West  
 Administrative Director

Certification Board of Nuclear Cardiology  
101 Lakeforest Boulevard, Suite 401  
Gaithersbury, MD 20877

RE: Paige Brennan, MD

To Whom It May Concern:

This letter is written upon the request of Dr. Brennan to attest for his eligibility to sit for the Certification Board of Nuclear Cardiology, upon completion of physics training.

Dr. Brennan completed his cardiology fellowship at Yale University in June, 2009. During his fellowship at Yale University, Dr. Brennan completed four months of nuclear cardiology training on June 30<sup>th</sup>, 2009 that meets the requirements for Level 2 training as outlined in the ACCF/ASNC COCATS Guidelines for Training in Nuclear Cardiology (revised 2008).

Dr. Brennan satisfactorily completed 4 months of didactic training and work experience which includes, interpretation of clinical cases and hands-on experience on a minimum of 35 patients, as outlined in the ACCF/ASNC COCATS Guidelines (revised 2008). He will provide separate documentation of this training. Based on this training, Dr. Brennan is competent to independently function as an authorized user under 10 CFR 35.200 uses.

I recommend the admission of Dr. Brennan to sit for the Certification Board of Nuclear Cardiology (CBNC), after he has demonstrated completion of the necessary training in physics.

If you have any further questions, please do not hesitate to contact me.

Sincerely,

Albert J. Sinusas, MD, FACC, FAHA  
Professor of Medicine and Diagnostic Radiology  
Director, Cardiovascular Nuclear Imaging
