Rob,

Attached please find the subject request for additional information (RAI). The draft of this RAI was sent to you on March 25, 2010. Based on your phone call, no clarification phone call on the draft RAI was required.

The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a schedule date for submitting your technically correct and complete response will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the review schedule.

Your response letter should also include a statement confirming that the response does or does not contain any sensitive or proprietary information.

Thanks.

4/5/2010

Calvert Cliffs Unit 3

UniStar

Docket No. 52-016

SRP Section: 05.04.02.02 - Steam Generator Program

Application Section: 5.4

QUESTIONS for Component Integrity, Performance, and Testing Branch 1 (AP1000/EPR Projects)
(CIB1)

05.04.02.02-13

The response to RAI 40, Question 05.04.02.02-2, stated the CCNPP Unit 3 FSAR Table 13.4-1 would be modified to reference FSAR Section 5.4.2.5 for the Preservice Inspection Program. However, the reference to Section 5.4.2.5 was instead listed under Preservice Testing Program. Please revise FSAR Table 13.4-1 to move the Section 5.4.2.5 reference from "Preservice Testing Program" to "Preservice Inspection Program."
