FYI - I came across this example of a renewal request letter (attached) as I was cleaning up some files. I thought it might be helpful for you to have an example.

No, your renewal request can be just the letter. Be sure the letter identifies that there are no changes to the SAR.

**Subject:** Renewal Requests

Michele,

Is It necessary to send a copy of the application for package approval (SAR) with a renewal request if there no changes that have not already been authorized in the existing CoC and all prior changes have already been consolidated in the SAR?
