**Subject:** Letter to BLM Field Offices

Rick and Mitch - I plan on sending a letter to a few BLM Field Offices providing them specific information about the applications we have in or expect to get in. The purpose of the letter is to "formalize" the communication we have been having with the various field office to date to ensure that nothing is falling through the cracks - while we negotiate the MOU.

I can fax you a copy of the letter if you provide me your fax number. Thanks.

Patrice M. Bubar, PE, Deputy Director  
Environmental Protection and Performance  
Assessment Directorate  
Division of Waste Management  
and Environmental Protection - FSME
