Good morning, Tim. This has to do with the Cultural Resources Study and accompanying forms that were submitted to the WY SHPO. Since the BLM already submitted these (as the, then, lead agency for Lost Creek), all that is required by the SHPO for NRC to do is agree with your (BLM's) acceptance of the report and forms. This, apparently, takes the form of a concurrence letter, which, we'll need a sample copy. Thank you.
