Subject: RE: Crystal River SIT Exit

I discussed with Kriss.
Dec 7 week not preferred either due to management schedule.

If you are available this date, please plan in coordination with licensee:

Date/Time: late afternoon on Dec 15, Tuesday (Let me know if this date is problem and we can adjust.)
Facility: meeting room/equipment to enable PowerPoint slides (slides probably of general NRC process info and SIT info)

Mike Coursey said he was happy to help us with the presentation prep and slides.

We'll want to finish major inspection activities early enough to allow prep time for public meeting.

Thanks,
Mark

Subject: Crystal River SIT Exit

Mark;

Confirmed that the Inspector Counterpart Meeting is scheduled for December 1,2 and 3. I recommend we schedule the exit for the following week.
