me

Dear Ms. Ullrich,

Enclosed are copies of the Final Status Surveys of the US Army Research Laboratory, Building 1103A Area. One copy is in printed form with another in electronic media form.

The Final Status Survey Data indicate that the structures and land areas are suitable for release for unrestricted use, without regard to former operations with licensed radioactive material. Please amend SMB-141 to reflect the removal of the facility with structures.

Please feel free to contact Mr. Richard A. Markland, (410) 278-6354, markland@arl.army.mil if you have any questions.

Sincerely,

Pamela E. Fry

Dear Mr. Metcalf;

This is to transmit the Final Status Survey Report for the Building 1103A area at Aberdeen Proving Ground, MD. This work was performed under Project Number 2007-098, and Contract Number W52P1J-08-D-0073.

The survey found that the buildings and land areas met the NRC's requirements for unrestricted release from licensing.

It was a pleasure working with you on this project. Feel free to call me any time at 281-325-6850.

Yours truly,

A handwritten signature in black ink, appearing to read "S. Neralla".

Srini Neralla, Ph.D.
Vice President,
Technical Services
