SUBJECT: MAINTENANCE OF REFERENCE MATERIALS AT THE SEABROOK LIBRARY
IN REGARDS TO THE REVIEW OF THE SEABROOK STATION LICENSE
RENEWAL APPLICATION

Dear Ms. Robinson:

This letter is a follow-up to our telephone conversation on April 27, 2010, and our library visit on May 25, 2010, concerning the maintenance of documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of the Seabrook Station license renewal application.

The NRC staff appreciates your willingness to assist the public in participating in the license renewal application process. As discussed, your support would consist of providing approximately three feet of shelf space in your reference section. This will be used for making documents related to the NRC staff's environmental review of the license renewal application available to the public.

We will place the Seabrook Library on our distribution list for documents and notices related to the review of the Seabrook Station license renewal application.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-2927 or via e-mail at jeremy.susco@nrc.gov.

Sincerely,

/RA/

Jeremy Susco, Project Manager
