Will do.

Thanks for the input.

If you have opportunity to discuss positive examples of teamwork --

Pat Hiland's Engineering Division has been providing particularly strong support to us for the Crystal River SIT since day one.

- delivered expert ORNL contractor support within a week of starting the SIT
- provided expert NRC staff support
- continued teamwork (ongoing SIT, public meeting, allegation, 2.206 petition, etc.)
- RIC session planning

Subject: DD COUNTERPART MEETING WITH NRR AND NSIR

All,

I will be attending a division director counterpart meeting on Jan 25-27. We meet with NRR management on the 25th and 26th, and then NSIR management on the morning of the 27th.

Please let me know of any programmatic level topics or issues that I should discuss during these meetings (high level items).

Thanks

Kriss
