Subject: Crystal River Communications Team

Good morning! We're currently putting together the communications plan for the Crystal River concrete separation issue and you have been identified as a potential member of the communications team. The team is responsible for developing a course of action for issues that arise, developing and maintaining the communications plan, keeping communications on track, and responding to questions regarding the event. Mark Franke in Region II has been designated as the Communications Team Leader and will have ultimate responsibility for overall maintenance of the communications plan. If you would like to withdraw your name from the communications team roster or have a suggestion for including another person not listed here, please send me an email and I will take the necessary actions. Thanks, and have a great day.

Robert Williams
