There will be no changes in operations nor in product lines, and key records will be kept at this address at all times for inspection. Further there are no changes in personnel.

1. The garage is separate from the Main House and is secured by ADT, and is used for the purpose of storing the lamps.
2. Access is controlled and limited to authorized user (RSO) only. I continue to have no employees, and will have no employees. The business is very small. No one has any keys to any area, including the house.
