SUBJECT: Regulatory Roundtable – Spring 2010

The U.S. Department of Energy (DOE) will be re-establishing Regulatory Roundtable meetings at the West Valley Demonstration Project (WVDP). The DOE would like to use this forum as a means to keep agency management informed of site activities, plans, and issues. The meetings will provide status of the project operations and plans and various environmental issues of interest to attendees.

We are suggesting that the next Regulatory Roundtable be held at the West Valley Demonstration Project on Tuesday, May 25, 2010, but we are flexible based on your availability. A draft agenda is enclosed for your review and input. Please contact Moira Maloney of my staff regarding your availability and any comments on the agenda or additional information that you would like to be covered.

A response by April 22, 2010, would be greatly appreciated. Moira may be reached at (716) 942-4255.

Sincerely,

Bryan C. Bower, Director  
West Valley Demonstration Project

Enclosure: Draft Agenda
