Subject: Power Authority of the State of New York
Indian Point 3 Nuclear Power Plant
Docket No. 50-286

REGULATORY DOCUMENT COPY

Dear Mr. Schwencer:

Enclosed for filing are three (3) signed originals and nineteen (19) copies of a document entitled, "Application for Amendment to Operating License", and attachments thereto.

These modifications impose a time period for review to Environmental Technical Specification 5.3.2.e, delete Environmental Technical Specification 5.5.3.b, amend the period for review and approval of Environmental Technical Specification Section 5.5.3.c from 30 to 60 days and renumber Environmental Technical Specification Section 5.5.3.c to 5.5.3.b.

The Authority has classified this application for amendment to the operating license as class II, as it has no safety or environmental significance. Enclosed is a check in the amount of \$1,200 as the filing fee per 10 CFR § 170.22, which the Authority pays under protest pending a final determination of the legality of the fee schedule.
