**Subject:** RE: SGR Inspection

Dennis:

The tentative inspection schedule is as follow:

1. Detension 2/1 - 2/5/2010
2. Concrete Removal 2/15 - 2/19/2010
3. Concrete Forming, Rebar, Pour 2/27 - 3/9/2010 (could be two persons, I do not know another to be.)
4. Retension 3/12 - 3/21/2010
5. Concrete Scan/Boring 3/21 - 3/23/2010
6. Document Review 3/24 - 3/30/2010

This schedule was based on your scheduler Calvin Goering provided schedule. Generally, just myself will be there except as noted. The inspection schedule could be changed and additional inspections could be added in depend on your activities and work complexity.

**Subject:** SGR Inspection

Can you provide your estimate for onsite visits to CR-3 in the near-term?
