**SUMMARY**

From your renewal application NRC Form 313 (with attachments) dated January 20, 2010, we need additional information:

1. Please verify the name of your company as your NRC Form 313 indicates a name change from your current license.
  2. Please verify your mailing address as your NRC Form 313 indicates a mailing address change from your current license.
  3. Please verify the storage locations for your portable gauges. The storage locations listed on your NRC Form 313, Item 3 are not the same as your current license. *These portable gauges will be used @ temporary job-sites.* } *CONFIRM if no indicated YES. 4PM*  
Should your current storage locations change, please provide current leak test certificates for those portable gauges that were stored at those locations and also verify that no leaking sealed source/portable gauge was ever stored in that location.
  4. Please verify if you will be using the portable gauges at temporary job-sites where the NRC maintains jurisdiction for regulating the use of licensed material.
  5. Please verify the maximum possession limit per radionuclide, i.e. 77mCi of Cs-137 and 308mCi of Am-241 as in your current license.
  6. Please verify the portable gauge model number and/or series.
  7. Please provide the portable gauge nuclear safety training certificate for Robert Tarver.
  9. For Items 7, 8 and 10 of your application, your response referred to the incorrect version of the NUREG 1556, Vol. 1 and used wording in the "past-tense". Please respond using the NUREG 1556, Vol. 1, Rev. 1, dated November 2001 and verbiage in the future-tense. Attached is a portion of Appendix B from NUREG 1556, Vol. 1, Rev. 1, Items 7 through 11.
- Reminded him of RSO change via amendment request to NRC.*

We will be unable to continue processing your request until we receive this information. In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Record

(PARS) component of NRC's document system (ADAMS) accessible from the NRC Website at <http://www.nrc.gov/reading-rem/adams.html>.
