Dear Ms. Srinivasan:

We have reviewed Wayne State University's decommissioning statement of intent dated October 1, 2008, for a decommissioning financial assurance totaling \$1,125,000. The statement of intent is for license No. 21-00741-08 associated with the site in Detroit, Michigan, and was submitted for conformance to the U.S. Nuclear Regulatory Commission (NRC) regulations and NUREG-1757, Vol. 3, "Consolidated NMSS Decommissioning Guidance: Financial Assurance, Recordkeeping, and Timeliness."

This document does not adequately demonstrate that the individual signing the statement of intent has the authority to represent the licensee in this transaction. NUREG-1557 requires that the individual signing the statement of intent on behalf of the licensee has authority to request the funds from the appropriate funding body.

Please use the NUREG-1557 model Statement of Intent (SOI) found in Appendix A (page A-152) to help ensure that adequate details are provided in the SOI. Specifically, submit the following:

1. Documentation demonstrating that the individual signing the statement of intent has the authority to request and obtain the decommissioning funds from the funding body. (NUREG-1757, Vol. 3, Section 4.3.13 and Appendix A Section A.16.1) In addition, please revise your SOI to include a discussion of this authority.
2. Appropriate sections of your regulations or statutes that describe how authority is granted to those who request funds from your funding body as it applies to requesting decommissioning funds.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
