These questions came from Commissioner Klein's office. Since the DRP and DRS staffs were swamped, I drafted a reply (attached).

When I clear the reply with Javier, Ron and John, in the early morning, I'll share it with you three before attempting to get this to the Commissioner's TA prior to the early close of business Wednesday.

Hi Scott and Rich,

Please refer to the highlighted text below for some questions from Commissioner Klein's office. Any input from Region I would be greatly appreciated.

Thanks in advance for your help!

Cheers,
Leigh

Leigh,

Information in this record was deleted in accordance with the Freedom of Information Act. Exemptions 6 FOIA/PA 2010-0118

D/14

OKA, ECH, NFR, NMS

Would you please clarify a few things for me?

1. For the dose received by the contaminated individuals -- was it internal or external or both?
2. With respect to the source -- I would have expected a contaminated system that was being opened to have had some kind of low pressure barrier or filter system around it rather than just being open to the surroundings. Can you please provide more detail on this aspect?

Thanks.

Doug

Hi Doug and Jim,

Please refer to the attached file for a 1-Pager that was requested by the Chairman's office in preparation for a 1630 conference call with Congressman Holden. Please bear in mind that, because of the time constraints, it was provided before the OCA scrub. We have since heard that there may be some minor discrepancies (refinements) with regard to the number of workers receiving doses. I'll plan to keep you posted as I learn more information. Please let me know if you need any additional information.

Cheers,
Leigh

Hi Mike,

I understand that the Chairman has a 1600 meeting this afternoon before his 1630 call and that he'd like to review the 1-Pager ahead of time. As such, I'm forwarding the attached 1-pager, but please bear in mind that OCA just received it as well, so this version has not yet been scrubbed by OCA. We'll get you any changes as soon as we received them.

Cheers,
Leigh
