Leigh,

Although both forms are used in 10 CFR, based on a conversation with our subject matter expert in Region 1, I am revising the document to consistently use "millirem" as the plural.

I will send the response to the PA SLO (Dave Allard) after making the revision.

Thanks,
-Doug

We've received an approval from the Chairman's office to send the response to the Governor's SLO. The Chairman's office did not have any other comments on the write-up and appreciates the staff's coordination of this response.

NOTE: Please resolve the "millirem" versus "millirems" question. There are still disagreements, and more folks believe that the convention for the plural form is without the "s."

E/4/1

EDO

Thanks again for everyone's help with this! I hope everyone has a grand holiday! :-)

Cheers,
Leigh

Subject: Response - ok to send response liason to liason

Leigh,

Ok, to send response back to PA via state liaison. No other comments on write up.

Thanks for coordinating response.

Michael
