Willie,

Thank you for responding. I apologize for the misspelling of Chairman Coby's name in the letters. I noticed that too when I was preparing my email.

I look forward to hearing back from you regarding the letters.

Thanks again.

Steve

Stephen the name of our Chairman is Alonzo A. Coby, you do have it right in this letter to me, but the letter that was sent to him personally is addressed to Alonzo A. Cohy. We are reviewing the letters and will get back with you and as soon as we can. -Willie

Subject: Follow-up to Consultation Letters Regarding AREVA Eagle Rock Uranium Enrichment Facility, Bonneville County, Idaho

Dear Mr. Preacher:

I am Steve Lemont, the new U.S. Nuclear Regulatory Commission (NRC) Project Manager for the Environmental Impact Statement (EIS) that the NRC is preparing in support of its licensing action for the proposed AREVA Eagle Rock uranium enrichment facility in Bonneville County. NRC contacted Chairman Coby regarding this project in a letter dated July 29, 2009, and more recently in a letter dated February 19,

2010, regarding the proposed electrical transmission line for the AREVA Eagle Rock facility. For your reference, I have attached these two letters to this email.

The purpose of this email is to follow-up on the two letters, to request the views of the Shoshone-Bannock Tribes regarding any further actions necessary to identify historic properties that may be affected by the construction, operation, and decommissioning of the proposed AREVA Eagle Rock facility and the proposed transmission line and associated structures. Find MW004, which is discussed in the July 29 letter, has been determined to be eligible for listing in the National Register of Historic Places. Any other information you may have would also be appreciated. After assessing information you provide, we will identify any further actions that are necessary to comply with the consultation process under Section 106 of the National Historic Preservation Act.

If you have any questions regarding the project, or need additional information, please contact me at 301-415-5163 or Stephen.Lemont@nrc.gov. I appreciate your assistance in this matter, and look forward to receiving your response. Thank you.

Sincerely,
Steve Lemont
