That is the one that should contain the ER RAI's. Thanks for the notification.

Mike:

I picked up one large box from secretaries station @ 4:00 just after our telecon yesterday. I didn't have a chance to open it as I was hustling to catch my carpool. I won't have a chance to open it until I get in the office tomorrow, but it appears to have made it to NRC.

Ron and Irene,

Yesterday I mailed out the Uranerz responses to the ER RAI's. You should be receiving one box today or tomorrow that has all the revisions, requested site forms, and a packet on top. The packet contains two copies of the cover letter for the responses, cultural resources affidavit for the included site forms, set of index sheets detailing what revisions were made, and the actual responses to the ER RAI's.

I have also attached the cover letter and the ER RAI responses for your review.

Let me know if you have any questions,

Mike
