The inspection is planned for June 17, 2010, and will be conducted in accordance with TEMPORARY INSTRUCTION 2515/180 INSPECTION OF PROCEDURES AND PROCESSES FOR MANAGING FATIGUE.

Additionally, to facilitate the efficient conduct of this inspection, please have available on site personnel familiar with the processes used to document, report, and audit the management of the worker fatigue program, to interface with the inspector. Mr. Rybak has been advised of this request and provided with the name and address of the NRC inspector assigned to this inspection.
