**SUBJECT: CLINTON POWER STATION
CONFIRMATION OF INITIAL OPERATOR LICENSE EXAMINATION**

Dear Mr. Pardee:

In response to your letter dated March 19, 2010, (U603946), the onsite validation for the initial license operator examination scheduled to start during the week of November 1, 2010, has been re-scheduled to start during the week of October 11, 2010, in lieu of the following week, October 18, 2010.

In the unlikely event that we are unable to support the examination during the scheduled weeks, we will inform you immediately upon discovery of such conditions and make arrangements to administer the examination at a mutually acceptable date.

We understand that your staff will develop the examinations. Please inform us at your earliest opportunity if you discover you need to change the scheduled examination date.

A supplementary letter will be sent to the training department approximately 120 days prior to the examination informing the training manager of the chief examiner's name. The letter will also outline examination security expectations, list the materials required by the NRC to conduct the examination, reconfirm the examination date, and reconfirm the number of candidates you have in the training program.
