Mike,

STPNOC has completed a review of the Phase 2 SER/OIs for Chapter 13 and 14 and determined that these documents do not contain information that should be considered proprietary and may be released to the public.

Regards,

Coley Chappell

Coley et al,

In preparation for the upcoming 2010 ACRS ABWR subcommittee meetings in support of the South Texas Project Units 3 & 4 COLA, I have attached the Phase 2 SER/OIs for Chapter 13 and 14 along with a transmittal letter. Please note that the enclosed SER/OIs and letter are electronic courtesy copies provided in order for STPNOC to begin a proprietary review. Hard copies are also being mailed to Mr. Scott Head. We are requesting for STPNOC to perform their proprietary review within 7 days from the date of the above letter. Until a determination that the enclosures do not contain proprietary information, these documents should not be released to the public. In addition, the SERs are password protected at this time.

NRC staff plans to present Chapter 13 and 14 at the May 20, 2010 ACRS ABWR subcommittee meetings. Proposed meeting agenda and other details will be provided at a later date. Please let me know if you have any questions.
