

May 20, 2010

TO: THOSE ON DIVISION OF LICENSE RENEWAL SERVICE LISTS

SUBJECT: DIVISION OF LICENSE RENEWAL'S TRANSITION FROM PAPER
DISTRIBUTION TO ELECTRONIC DISTRIBUTION OF OUTGOING
CORRESPONDENCE

The Nuclear Regulatory Commission (NRC), Division of License Renewal (DLR) in the Office of Nuclear Reactor Regulation (NRR) will be transitioning from paper distribution of copies of its outgoing correspondence to electronic distribution via electronic mail (e-mail) only, on or about July 1, 2010. This change from distributing paper copies will result in significant cost savings and efficiency increases for the NRC.

You are receiving this letter because you are on a service list related to the license renewal of a nuclear power plant. After July 1, 2010, in order for you to receive copies of outgoing correspondence from DLR you must have an e-mail address and sign up to receive e-mail correspondence related to Operating Reactors by going to the following web page: <http://www.nrc.gov/public-involve/listserver/plants-by-region.html>. If you are already signed up, no action is required. To sign up simply go to the web page above and follow these instructions:

1. Enter your e-mail address in the box provided.
2. Enter your name in the box provided (not required).
3. Select the plant(s) for which you want to receive copies of correspondence.
4. Click the subscribe box.

When you sign up for Operating Reactor Correspondence you will also receive correspondence from the Division of Operating Reactor Licensing (DORL). DLR is exploring the possibility of changing the current system to enable receipt of only DLR generated correspondence, but in the mean time, it is hoped that the efficiency gained by electronic distribution outweighs the inconvenience of receiving additional emails for those only interested in DLR generated correspondence. You can set a rule in your e-mail software to send unwanted correspondence to a junk mail folder and you can unsubscribe at any time.

The NRC releases several hundred documents to the public each work day which are available to the public at www.nrc.gov/reading-rm.html.

All public documents made available since November 1, 1999 are available in the NRC's Agencywide Documents Access and Management System (ADAMS) (www.nrc.gov/reading-rm/adams.html).

Copies of documents that the NRC has made publicly available may be ordered from the NRC's Public Document Room (www.nrc.gov/reading-rm/pdr.html) for a fee.

Many NRC NUREG-series publications are also available from the Superintendent of Documents, U.S. Government Printing Office (GPO) (www.gpoaccess.gov), or from the National Technical Information Services (NTIS) (www.ntis.gov)

Thank you for your help in making this new process a success. If you have any questions, please contact me at 301-415-2878 or Jay.Robinson@nrc.gov.

Sincerely,

/RA/

Jay Robinson, Chief
Program Operations Branch
Division of License Renewal
Office of Nuclear Reactor Regulation

Many NRC NUREG-series publications are also available from the Superintendent of Documents, U.S. Government Printing Office (GPO) (www.gpoaccess.gov), or from the National Technical Information Services (NTIS) (www.ntis.gov)

Thank you for your help in making this new process a success. If you have any questions, please contact me at 301-415-2878 or Jay.Robinson@nrc.gov.

Sincerely,

/RA/

Jay Robinson, Chief
Program Operations Branch
Division of License Renewal
Office of Nuclear Reactor Regulation
