Jim,

Attached for your information is an advanced copy of RAI 4704 for Chapter 9.5.1.

This RAI is a supplement to RAI 2382 (09.05.01-9) where you provided a partial response. You still need to provide the change process in the FSAR which was silent in the response to 09.05.01-9.

Please let me know if you need a clarification phone call by Thursday (5/13).

SRP Section: 09.05.01 - Fire Protection Program
Application Section: 09.05.01

QUESTIONS for Fire Protection Team (SFPT)

09.05.01-***

In the applicant's response to RAI 09.05.01-9, the applicant confirmed the deletion of a statement referring to the development of a license condition for changes to the fire protection program. In addition, the staff had requested (in RAI 09.05.01-9) that the applicant provide the change process license condition in the FSAR Section 9E. However, the applicant did not include the change process description or a change process license condition in accordance with RG 1.189.

The staff is requesting that the applicant include within Section 9E of the FSAR the credited change process accompanied by a license condition for their self-approval change process of the fire protection program in accordance with RG 1.189.
