I contacted Mr. Keck to follow-up on a previous phone call regarding the addition of an AU to the license. Information to complete the action was not sufficient and I was following up to get a status. Mr. Keck returned my call and stated that he had not received any additional information from the doctor that wanted to be added so he requested that the amendment request be voided. I informed him that when they have all of the necessary information that they would be able to resubmit the amendment without bias.
