To Whom It May Concern:

This letter is a request for an extension of a response to your letter dated April 9, 2010. This letter was in regards to a "Notice of Violation - Failure To Report Special Nuclear Material In Violation of Title 10 of the Code of Federal Regulations 150.17." I did not receive this letter until April 19, 2010. Per the "Notice of Violation" we have 30 days to respond. This would be May 19, 2010. Since we are in the last two weeks of classes, to include projects, final exams, etc., I am requesting an extension of the response to May 24, 2010. Thank you for your consideration.

Sincerely,

Dr. Jim Dugan
