Mr. Charles Hillman
U. S. Nuclear Regulatory Commission
NMSS/SG
Washington, D. C. 20555

Dear Mr. Hillman:

Union Carbide plans to make a shipment of Spent Reactor Fuel to the D.O.E. Chemical Processing Plant at Idaho Falls, Idaho in the late part of July 1984 or early August 1984.

The shipment will be made using the Battelle BMI-1 shipping cask and will contain 24 MTR type elements.

We plan to use the same approved route as was used in our October 1983 shipment. If this route or any portion is no longer acceptable, please inform us so that necessary connections may be made.

Sincerely,

H C Hart
