

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

May 13, 2010

The Honorable Carl Levin
United States Senate
Washington, DC 20510

Dear Senator Levin:

The U.S. Nuclear Regulatory Commission (NRC) is grateful for the invitation to participate in the business procurement conference that you are co-sponsoring in Dearborn, Michigan. We appreciate the invitation to present at this event. However, as discussed with your staff, we respectfully suggest that industry organizations could better address business trends, openings, and barriers to entry than we could as the safety regulator of the commercial nuclear power plants and other uses of nuclear materials.

Thank you again for the invitation. Please contact me at 301-415-1776 if you have questions or need information from us in the future.

Sincerely,
