Re: License No. 34-12736-02

Attention: Colleen Carol Casey
Materials Licensing Branch

I will be retiring from the Environmental Protection Agency effective Friday, June 4, 2010 and request that the NRC remove me 'on that date' as the Radiation Safety Officer from the license and designate Stephen Eugene Musson, PhD. the present Assistant Radiation Safety Officer as the *Radiation Safety Officer* as well as the "*Authorized User*" for Cadmium-109 and Nickel-63.

Thank you for your attention to these requested changes to our license.

Sincerely,

A handwritten signature in cursive script that reads "Richard J. Falk".
