

## Revising Reprocessing Regulatory Framework - Overview

- Continued efforts to develop the regulatory basis consistent with FY 10 funding levels.
- Developed a detailed, coordinated internal project plan to help guide efforts and incorporated reprocessing efforts in the Integrated Spent Fuel Regulatory Plan.
- Regulatory basis under development – no final decisions on closing the “gaps”.
- Initiated planning for stakeholder outreach and public workshops later this year.
- If rulemaking is supported and appropriate resources made available, current estimate is a final rule in 2015.
