Aaron McCraw  
US Nuclear Regulatory Commission  
11545 Rockville Pike, Mailstop T-8-E24  
Rockville, MD 20852

Dear Mr. McCraw:

The New Jersey Department of Environmental Protection is pleased to submit the electronic version of our draft application to become an agreement state with the Nuclear Regulatory Commission. This application contains the following elements as outlined in our Table of Contents:

- Legal Elements
- Licensing Program
- Inspection Program
- Enforcement Program
- Technical Staff
- Event & Allegation Reporting and Response Procedures

The NRC has completed their compatability review of our draft proposed regulations; therefore they are not included in this package. The final rule proposal, which is currently under legal review, will be sent under separate cover indicating any changes from the draft.

We look forward to your comments on this draft application. Two paper copies are being forwarded under separate cover. Please contact Patricia Gardner at (609) 984-5400 with any questions.

Sincerely yours,

Paul Baldauf, P.E.,  
Assistant Director

M/22
