Re: FOIA Request - 2980 Fairview Park Drive
Falls Church, Virginia 22042

Dear Madam or Sir:

I am submitting this Freedom of Information Act Request to obtain all available information regarding the licensing, use and subsequent removal of a sealed radioactive source at 2980 Fairview Park Drive Falls Church, Virginia 22042.

The license was held by Resource Applications, Inc. The License Number is 45-24932-02. It became active on 19 November 1992 and expired on 30 November 2002. I understand that the source was a Troxler Moisture Gauge that contained Cs-137 and Am-241.

Any information you can provide on the license, and any testing at the site, particularly for license termination would be helpful. Please forward information to:

Environmental Resources Management, Inc.
