Folks:

Attached is the latest version of the New Jersey rules with a few additional corrections. Please use this version for our review of the New Jersey package. This is the version that we will be putting into the ADAMS version of the New Jersey package.

Dennis,

The reference to the Appendices is actually correct in the adoption that was published, so I changed the copy attached. However, there are a couple of other typos, so I attached a paragraph to place before the regs.

Regs are spell checked. Thanks

Jenny
