SUBJECT: UPDATE OF THE GENERIC ISSUE MANAGEMENT CONTROL  
SYSTEM REPORT (FY 2010, Q3)

The Office of Nuclear Regulatory Research (RES) is requesting updated information on the status of active generic issues (GIs) as of May 31, 2010. This information will be used to draft the Generic Issue Management Control System (GIMCS) report for FY 2010, 3<sup>rd</sup> Quarter. The reporting period for this document extends to May 31, 2010; therefore, RES requests updates reflect changes that occur only up to that date. A Generic Issue Program (GIP) representative will contact members of your staff who are responsible for each GI (as indicated in the checklist in Enclosure 1 to this memorandum) in order to obtain status updates. In particular, updates should include any changes to the status presented in the GIMCS Report for the 2<sup>nd</sup> quarter of FY 2010 (Agency-wide Documents Access and Management System [ADAMS] Accession no. ML100850311).

Please note that GIMCS information is available for use by the public and other Government agencies. Thus, your staff should provide only information that can become publicly available.

Enclosure 2 is a blank GI Status Update Form which can be used to provide update information. Other methods of providing update information can be arranged with the GIP staff as well. A GIP representative will provide a copy of specific GI information from the most recent GIMCS report. GI information from previous GIMCS reports is also available on the NRC public website at <http://www.nrc.gov/about-nrc/regulatory/gen-issues.html>.

CONTACT: April Smith, RES/DRA  
301-251-7450

Please provide the requested status information for each GI, approved through the responsible branch chief, via e-mail to April Smith ([april.smith@nrc.gov](mailto:april.smith@nrc.gov)). In addition, please provide copies to the responsible project manager, responsible deputy division director, and office GIP coordinator (as identified in the enclosed checklist). To permit timely issuance of the update, RES requests and would appreciate receiving your GIMCS updates no later than June 15, 2010.
