Dear Mr. Tripp:

As I explained by phone we are in the process of selling our facilities within 7 to 10 days.

The owners are aware that they need to notify you of the new Radiation Safety Officer before they can use the Nuclear Medicine facilities.

If we don't sell we will notify you of such event.

We are aware that as soon as Dr. García leaves the Nuclear Medicine Department it will be close.

Sincerely,

Luis E. Bonnet-Aleamar, M.D.
President
