Re: Amendment to Material License

Dear Sir or Madam:

03036264

Virgin Islands Paving, Inc. currently has a material license. (55-25624-01) We are in need of amending this license for future projects. We appreciate any consideration and help to expedite this process. Thank you in advance for your cooperation

Sincerely,

Rob Schierloh
President

VIRGIN ISLANDS PAVING, INC.

PO Box 4720, Kingshill, VI 00851-4720
TEL (340) 778-5220 FAX (340) 773-5233

Dear Sir or Madam:

Subject: Amendment of Material License

Please amend license number 55-25624-01, docket number 030-36264, issued to Virgin Islands Paving, Inc., PO Box 4720, Kingshill, VI 00851-4720 to include the following items:

1. CPN AC Content Gauge
Model: AC-2R
Nuclide: Am-241/Be
Form: Sealed Source (CPN Model CPN-131)
Possession Limit: Two sources not to exceed 100 mCi of Am-241/Be
Authorized Use: To be used as a component of CPN Model AC-2R Hydrogenous material analyzer for the measurement of moisture in materials.

1. Change radiation detection equipment listed on original license application to:
Manufacturer: Instrotek
Model: Monitor 4
Type: G-M survey meter
Radiation detected: alpha, beta, gamma, and x-ray
Sensitivity range: 0-50 mR/hr
Window thickness: 1.5-2.0 mg/cm²

Survey meter will be calibrated by:
Troxler Electronic Laboratories
3008 Cornwallis Road
Research Triangle Park, NC 27709

If you should need any additional information, please contact Bryan Farley at 340-277-5567 or bfarley@vipaving.com. Thank you.
