MEMORANDUM TO: Edwin M. Hackett, Executive Director  
Advisory Committee on Reactor Safeguards

FROM: David B. Matthews, Director  
Division of New Reactor Licensing /RA/  
Office of New Reactors

SUBJECT: VIRGIL C. SUMMER NUCLEAR STATION UNITS 2 AND 3  
ADVANCED FINAL SAFETY EVALUATION REPORT WITH NO  
OPEN ITEMS FOR CHAPTER 4, "REACTOR"

By letter dated March 28, 2008, South Carolina Electric & Gas (SCE&G) submitted its application to the U.S. Nuclear Regulatory Commission (NRC) requesting combined licenses (COLs) for two AP1000 advanced passive pressurized water reactors in accordance with the requirements of Title 10 of the *Code of Federal Regulations*, Part 52, "Licenses, Certifications, and Approvals for Nuclear Power Plants." The NRC formally docketed the application on July 31, 2008. These reactors are identified as Virgil C. Summer Nuclear Station (VCSNS) Units 2 and 3 and would be located in Fairfield County, South Carolina. The docket numbers established for VCSNS Units 2 and 3 are 52-027 and 52-028, respectively. Subsequent to the original VCSNS COL application, SCE&G updated and revised the application by letters dated July 30, 2009, and January 28, 2010.

Based on its review of SCE&G's application, the staff prepared the Advanced Final Safety Evaluation Report (AFSER) with no open items for Chapter 4, "Reactor." Unless otherwise stated in the AFSER with no open items, the staff's review was based on revisions and updates made to the VCSNS COL application through January 28, 2010. Issuance of this AFSER is an important milestone in the staff's review to determine whether SCE&G's application meets the Commission's regulations.

The staff has reviewed the Memorandum to the Executive Director of Operations dated February 17, 2010, and reviewed our submitted information against the categories that the Advisory Committee Reactor Safeguard (ACRS) requested to be used to highlight information for review by the Committee. Our assessment of this chapter is that there are no items that meet the categories for discussion with the Committee.

CONTACT: Sujata Goetz, NRO/DNRL  
301-415-8004

The staff concludes that the AFSER with no open items does not contain any information for which exemption from public disclosure has been sought or approved. However, the NRC will withhold the AFSER from public disclosure for ten calendar days to allow SCE&G the opportunity to verify the staff's conclusion that the AFSER contains no such exempt information. Therefore, the staff requests that the ACRS likewise withhold the AFSER with no open items from public disclosure until it has been released publicly in the Agencywide Documents Access and Management System (ADAMS). The ADAMS accession number for the AFSER with no open items is ML100621218. The staff will inform the ACRS immediately if SNC requests that any of the information in the document be withheld from public disclosure.

Docket Nos. 52-027 and 52-028
